ATONIA, Ky., June 25.—[Special.]

What promised to be a good day's sport was spoiled by the rains of last night and early this morning putting the track in a bad condition. The scratches were numerous and the result was that the size of the fields were reduced in some instances to four starters. In spite of the small fields, the racing proved to be interesting and exciting, as all the favorites with the exception of one were interesting and close.

Four favorites again favored the talent by winning home in front, the other two winners coming from the ranks of well-played second choices which caused the layers that cut in for the day to lose heavily. The crowd, in spite of the heavy weather, was a good one for an off day. Many of the Turners crossed the river and spent the day at the track. Tommy Burns rode his second winner today, the first race, when he piloted Busy Man to victory. The win was a popular one, and the crowd cheered the one premier rider. Jockey McGee, Henderson and Hogan carried lightweights, carried the riding honors by piloting two winners—Whim in the second and Alice Baird in the fourth.

The card today presented no special features, but the dirt would have been the best of the day, but the track conditions caused three of the best horses that were entered to be scratched. The race went to Al Muller, the favorite, by a long length, and Mountain could have made it a greater distance.

At a meeting of the officials of the Latonia Jockey Club today it was decided to continue the racing meeting until July 5. It was announced that the purses will be cut \$700 daily, beginning next Tuesday.

Seven year-olds that have been beaten at the meeting went to the post in the first race at a mile. Busy Man, which had been performing well in his recent races, was installed the choice of the talent and was held throughout the betting at a short price. The field was sent away at the first break in fair alignment, and Busy Man in command, an advantage which he carried to the end of the race, where he was easily victorious, leaving the second place to the runner-up, Al Muller, who was a second choice, and was a good one for an off day. Whim, one of the McDowell cast-offs, was in the second race, for mares, a year-old filly. She was a good one for an off day. The race went to Al Muller, the favorite, by a long length, and Mountain could have made it a greater distance.

ALL IN READINESS FOR COVENANTERS' MEET

Louisville's Best Athletes To Take Part In Games This Afternoon At Manual Park

ITH a well-balanced list of events, a competent corps of officials and a bunch of athletes who are able to hold their own with the best in the country, there is no reason why the Covenanters' big outdoor athletic meet, which takes place at Manual Park this afternoon, should not be a success. Every indication points that way, and it is evident that the different contests will be well watched by a large number of spectators, as local interest is high in this meet. Nothing is now lacking in the preparations, and all the minor details have been carefully looked after.

Nearly all the contestants were out at Manual Park yesterday to take a final try-out over the track and to become familiar with the grounds. They all reported that they were well pleased with the arrangements that have been made, and declare that they are eager to get started.
